

Monument Mining Limited Recognized as Top 50 TSX Venture Company

Vancouver, B.C., February 18, 2026. Monument Mining Limited (TSX-V: MMY and FSE: D7Q1) “Monument” or the “Company” is pleased to announce it has been recognized as one of the top-performing companies on the TSX Venture Exchange (“TSXV”) for 2025 and has earned a place on the 2026 TSX Venture 50™ list (President and CEO Cathy Zhai’s presentation for TSX Venture 50™ at: <https://monumentmining.com/videos/>).

Cathy Zhai, President and CEO of Monument, commented: “We are proud to be honoured among the Venture 50™ for our outstanding 2025 share performance, highlighted by a 328% increase in our share price and 350% increase in market capitalization. This achievement reflects the dedication of our team and the strength of our strategy, and a long-term shareholders’ support.”

Ms. Zhai continued: “As we look ahead to 2026, we remain focused on disciplined, low-cost production, prudent cash management, and sustainable growth to drive long-term value for our shareholders. Our goal is to achieve Monument’s growth by strategically deploying capital in three key areas:

- Life-of-mine expansion programs through exploration at Selinsing.
- Development of our Western Australia projects to generate new cash flow.
- Pursuing corporate opportunities to increase company’s value and shareholder returns.

The TSX Venture 50™ is an annual ranking that celebrates the top-performing small-cap companies on the TSX Venture Exchange from across Canada and around the world. These issuers demonstrate exceptional innovation, growth, and market performance. Being named to the list highlights Monument’s continued success in leveraging the public markets to advance its strategic objectives, strengthen its operations, and create lasting value for shareholders.

The companies on the 2026 list delivered an average share price appreciation of 431% to investors, significantly outpacing the 207% recorded the year prior. In addition, the group holds a combined market capitalization of more than \$21.5 billion, an unprecedented \$17.9 billion increase over the course of 2025, with companies growing their market value by an average of 775% year-over-year.

The ranking is based on three equally weighted criteria of one-year share price appreciation, market capitalization growth, and Canadian consolidated trading value as of December 31, 2025. For more information on the 2026 TSX Venture 50™ list, visit: www.tsx.com/Venture50.

About Monument

Monument Mining Limited (TSX-V: MMY, FSE: D7Q1) is an established Canadian gold producer that 100% owns and operates the Selinsing Gold Mine in Malaysia and the Murchison Gold Project in the Murchison area of Western Australia. It has 20% interest in Tuckanarra Gold Project, jointly owned by Odyssey Gold Ltd in the same region. The Company employs approximately 280 people in both regions and is committed to the highest standards of environmental management, social responsibility, including health and safety for its employees and neighboring communities and good corporate governance.

Disclaimer Regarding Forward-Looking Statements.

This news release includes statements containing forward-looking information about Monument, its business and future plans ("forward-looking statements"). Forward-looking statements are statements that involve expectations, plans, objectives or future events that are not historical facts and include the Company's plans with respect to its mineral projects, expectations regarding the completion of the ramp-up period to target production level at Selinsing and the timing thereof, expectations regarding the Company's continuing ability to source explosives from suppliers, expectations regarding completion of the proposed storage shed and ammonium nitrate depot and the timing thereof, and the timing and results of the other proposed programs and events referred to in this news release. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words

and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". The forward-looking statements in this news release are subject to various risks, uncertainties and other factors that could cause actual results or achievements to differ materially from those expressed or implied by the forward-looking statements. These risks and certain other factors include, without limitation: risks related to general business, economic, competitive, geopolitical and social uncertainties; uncertainties regarding the results of current exploration activities; uncertainties in the progress and timing of development activities, including those related to the ramp-up process at Selinsing and the completion of the proposed storage shed and ammonium nitrate depot; uncertainties and risks related to the Company's ability to source explosives from suppliers; foreign operations risks; other risks inherent in the mining industry and other risks described in the management discussion and analysis of the Company and the technical reports on the Company's projects, all of which are available under the profile of the Company on SEDAR at www.sedar.com. Material factors and assumptions used to develop forward-looking statements in this news release include: expectations regarding the estimated cash cost per ounce of gold production and the estimated cash flows which may be generated from the operations, general economic factors and other factors that may be beyond the control of Monument; assumptions and expectations regarding the results of exploration on the Company's projects; assumptions regarding the future price of gold of other minerals; the timing and amount of estimated future production; assumptions regarding the timing and results of development activities, including the ramp-up process at Selinsing and the completion of the proposed storage shed and ammonium nitrate depot; expectations that the Company will continue to be able to source explosives from suppliers in a timely manner; costs of future activities; capital and operating expenditures; success of exploration activities; mining or processing issues; exchange rates; and all of the factors and assumptions described in the management discussion and analysis of the Company and the technical reports on the Company's projects, all of which are available under the profile of the Company on SEDAR at www.sedar.com. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company does not undertake to update any forward-looking statements, except in accordance with applicable securities law.
